## print \& play PoW暑 Wordsinn!

Do some words make you feel like you can do anything? Draw, paint, or make a collage of your Power Words on these pennants. Hang them up to remind yourself of the power you have within!

You'll need art supplies, such as colored pencils, paints, glitter pens, or old magazines for a collage, plus a color printer, paper, scissors, string, and tape or glue.
(1) Print the pages on a color printer.

2 Trim off the white edges on the long sides, but leave them on the short sides. Cut the banners apart on the dashed lines.

(3) On each pennant, draw, paint, or collage a word that gives you a powerful feeling.
(4) Fold white edge to the back along the dotted lines. Insert a string and tape or glue down the flap. Now you can hang your power pennants!
